Createspace, United States, 2009. Paperback. Book Condition: New. 203 x 132 mm. Language: English . Brand New Book ***** Print on Demand *****.Today is the first day I ve had the desire to write. I ve thought about it for months, even years, but this is the first time I feel the need. I want to write of the struggle she s going through with this horrific disease; the everyday living. I want to write how the caregiver loses herself along with the victim. Victim--first time I ve used that word. But there is no other word that best describes it. Carol is a victim of time. I ve lost any thought that she ll get better. I ve come to the conclusion I m living alone, even though she s with me in body. She doesn t talk to me in understandable conversation. We play charades to discover what she wants. I ve stopped all walks and exercise. My agoraphobia is back or has it just been hiding? I don t want to go to the store because I m alone, even though she s at my side. I hate life, eating fatty foods, hoping to have a heart attack and die. Then I won t have to face her dying in front of me, inch by inch.
