paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 296 Language: Simplified Chinese Publisher: Petroleum Industry Press; 2nd edition (August 1. 2007). Enhanced oil recovery principle of water displacement of residual oil and to start the mechanism of manpower. the system of polymer flooding. surfactant flooding. alkaline flooding. gas miscible flooding. polymer flooding. thermal recovery. microbial enhanced oil recovery. to improve oil recovery technology works. Enhanced oil recovery principle suitable for petroleum engineering. oilfield chemistry undergraduate teaching. but also can be used as the relevant professional college students. graduate students. as well as engineering and technical personnel of the reference books. Contents: Section II of the force in the expulsion process of water flooding mechanism in the first chapter Introduction Section 1 reservoir water displacing oil mechanism of Section III Section IV of macro-oil displacement mechanism viscous fingering and tongue into the Section V water-flooding yield influencing factors miscible displacement for the theory section I of the ideal miscible flooding for the theory of Section II to consider the role of adsorption and chemical reaction miscible flooding for the theory of Section III to consider the viscosity difference of miscible flooding for the theory of Chapter III of polymer flooding section III. a throttle control polymer Section II polymer flooding mechanism of polymer solution properties of the fourth quarter of polymer solution in porous media. in section V of the flow properties of polymer flooding indoor Evaluation and Design Section VI polymerization material to drive site implementation and monitoring of Surfactant Flooding Section 1 of surfactant structure and performance in section II microemulsion characteristics recovery section V of Section III microemulsion flooding in section IV of the mechanism of oil microemulsion flooding microemulsion flooding in...
