

Essence Abnormal Psychology (Paperback)

Filesize: 5.72 MB

Reviews

Completely essential read through ebook. This can be for all who statte there was not a well worth reading. You wont really feel monotony at at any time of your own time (that's what catalogs are for relating to if you request me).

(Maud Mitchell)

ESSENCE ABNORMAL PSYCHOLOGY (PAPERBACK)

DOWNLOAD

Pearson Education (US), United States, 1998. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book presents a concise introductory text, covering the core topics of abnormal psychology in one short volume. The book highlights essential information needed by students, thus can also be easily read by those with little previous knowledge of the subject, and it covers a wide range of material that is in-depth and to a high academic standard. The book is divided into two parts; an introduction to the area followed by the main categories of abnormal behaviour as they are currently classified. Thus the definition, history, treatment, diagnosis and context of abnormal behaviour are clarified before coverage of the individual disorders. The major areas of mental disorder following the DSM classification are then described, evaluated and illustrated by case studies. In addition, other aspects of abnormal psychology such as community health, legal and forensic issues are explained, along with descriptions of the work of the many professionals involved. For the lay reader, there is a glossary of the technical terms used and suggested further reading for each chapter. For the advanced student, a comprehensive reference section has been included at the end of the book, together with chapter summaries and self-test questions at the end of each chapter.
