ELECTRONIC BUSINESS AND EDUCATION

Book Condition: New. Publisher/Verlag: Springer, Berlin | Recent Advances in Internet Infrastructures | In order to establish technical prerequisites for efficient electronic business and education on the Internet, appropriate system support is needed as a vital condition for maximization of both short-term and long-term profits. Electronic Business and Education: Recent Advances in Internet Infrastructures discusses current research topics in the domain of system support for e-business and e-education on the Internet, and stresses the synergistic interaction of these two components. Attention is given to both scientific and engineering issues. Electronic Business and Education: Recent Advances in Internet Infrastructures is suitable as a secondary text for a graduate level course and as a reference for researchers and practitioners in industry, particularly in the area of e-business and e-education on the Internet. ` There is no longer any question that the Internet and electronic communication are the major new tools for collaborative advances in the creation of new knowledge and in future learning .' Excerpt from Foreword by Robert C. Richardson, Nobel Laureate 1996, Cornell University, USA | Foreword. Preface. 1. A Digital Marketplace for Education; B.P. Woolf, et al. 2.
