Litfire Publishing, LLC, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.As a nurse I have been in situations where patients learned very bad news about the state of their health, news that was not received well by them, their families, or even their medical team. When preparing this book, my feelings were much the same as when I was in those situations. The bad news about the health of our nation is, like cancer in a patient s body, communism (also known as Marxism) has grown in the United States. Like cancer, it started with an unnoticed seed and grew insidiously with little sign or symptom. Now like cancer, communism is on the brink of overwhelming us. Because I know that knowledge of their cancer is essential to my patient s first step towards survival, I believe that knowledge of our communism is essential to the United States of America s first step towards survival. So within this book, I describe how I learned about the symptoms (The Real Communist Threat Witnessed), the disease (the Introduction and Sections 1, 2, 3 and 4 of the Communist Manifesto), the current signs and symptoms (President Obama s Communist Agenda), and the treatment and cure (Constitution versus Communist Manifesto: The War within America).
