MOBILISING BOND MARKETS FOR A LOW-CARBON TRANSITION (PAPERBACK)

Organization for Economic Co-operation and Development (OECD), France, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This report describes the development of the green bond market as an innovative instrument for green finance, and provides a review of policy actions and options to promote further market development and growth. Since 2007-08, so-called green bonds have emerged and the market has risen from USD 3 billion in 2011 to USD 95 billion in issuance in 2016. For policy makers, the report proposes a framework for understanding potential directions of bond market evolution, increased convergence of rules and definitions, and quantitative analysis of the potential contribution that bond markets can make to a low-carbon transition.
