Createspace Independent Publishing Platform, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.UFC 3-120-10 15 June 2006 including Change 1, July 2007 This UFC is a coordinated compilation of Interior Design requirements, and references non-Government standards to the greatest extent practicable. It provides a succinct reference for Interior Designers to ensure that all requirements are met. This UFC: - Defines the requirements for interior design work on military construction and renovation projects; - Relies on a list of industry and government standards, codes and references; and - Provides DoD sources for standards and guidance not otherwise addressed. Cost impacts are negligible; however, design delays should decrease as all requirements for all services are now in a single, consolidated document that has been coordinated with other elements of construction and renovation projects. Includes a list of applicable NIST cybersecurity publications for consideration. Why buy a book you can download for free? If it s just 10 pages, no problem, but if it s a 250-page book, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. An engineer that s paid \$75 an hour has to do this himself (who has assistant s anymore?). If you are paid more than \$10 an hour and use an ink jet printer, buying this book will save you money. It s much more cost-effective to just order the latest version from This...
