Brand New Book ***** Print on Demand *****.Excerpt from North Dakota, Laws and Rules: In Regard to the Construction, Inspection, Ventilation and Sanitation of School Buildings The state law in regard to construction of school buildings and inspection, ventilation and sanitation thereof is as follows: 1489. Buildings Inspected. Plans and Specifications to be Submitted to Superintendent of Public Instruction.] No building which is designed to be used, in whole or in part as a public school building, shall be erected until a copy of the plans thereof has been submitted to the state superintendent of public instruction, who for the purposes of carrying out the provisions of this act is hereby designated as inspector of said public school building plans and specifications, by the person causing its erection or by the architect thereof; such plans shall include the method of ventilation provided for, and a copy of the specifications therefor. 1490. Construction of School Houses. Such plans and specifications shall show in detail the ventilation, heating and lighting of such building. The state superintendent of public instruction shall not approve any plans for the erection of any school building or addition thereto unless the same shall provide at least twelve square feet of floor space and two hundred cubic feet of air space for each pupil to be accommodated in each study or recitation room therein. (1) Light shall be admitted from the left or from the left and rear of class rooms and the total light area must, unless strengthened by the use of reflecting lenses be equal to at least 20 per cent of the floor space. (2) All ceilings shall be at least twelve feet in height. (3) No such plans...
