Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Standard Forms of Field Notes for Civil Engineers The object of this book is to present forms for notetaking, and such necessary instructions in the use of them, that an engineer can take a complete set of notes and record the results of a survey in neat and workman-like manner. In all the books dealing with Surveying and Railroad Location very little space has been given to the art of recording notes. An engineer who has worked long in the field will gradually develop a system of note-keeping which he will follow in a general way time after time; yet he will sometimes vary from his form in a few minor instances just enough to confuse a draftsman. As for the younger members of the profession, it is often hard for them to record the results of their surveys in such a manner that they can translate the notes themselves, unless they are plotted while the survey is still fresh in their minds. It is a very common thing to see an engineer called into the...
