

A.D.D. the Natural Approach

By Nina Anderson, Howard Peiper

Square One Publishers, United States, 2007. Paperback. Book Condition: New. 132 x 81 mm. Language: English . Brand New Book. NATURAL TREATMENTS FOR A.D.D. ARE A REALITY! Attention Deficit Disorder (A.D.D.) crosses every socio-economic class in America. Everyone knows someone who has it, has had it, or is being tested for it. Since no one knows exactly what the dysfunction is, where it comes from, or how to cure it, it seems reasonable to explore all types of treatment. Drug treatments are well known. A.D.D. The Natural Approach tells us about the pitfalls of using drug treatments on people with attention deficit disorder and hyperactivity. Are we creating a society of drug dependent children? The authors, Nina Anderson and Howard Peiper suggest alternatives. A.D.D. The Natural Approach gives the reader a choice. Masking the problem with drugs may serve to create drug dependence. David Winston, Herbalist says, Most often our society is the cause of ADD and ADHD. We feed our children nutritionless pseudo-foods, artificial colors, preservatives and allergenic foods, sit them in front of constant stimulating images of TV and video games and then expect them to sit quietly throughout the school day. We may have created this disease...

Reviews

It is just one of the best publication. This can be for anyone who statte that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Tara Jerde

The most effective publication i ever study. I am quite late in start reading this one, but better then never. You wont sense monotony at whenever you want of your time (that's what catalogs are for concerning in the event you ask me).

-- Prof. Erin Larson I
