Brand New Book ***** Print on Demand *****.Many professionals, mainly scientists have told me that a divine being is not necessary to explain why there is something rather than nothing. Theology and even metaphysics are redundant disciplines, they say. To me to reject a discipline a priori is irrational, whereas the methodology of science itself is basically rational. Why do Newton s equations say time is symmetrical, Einstein s relativity and quantum mechanics say time is an illusion and now Smolin says time is reborn - the present moment is a fundamental aspect of reality. Why has matter been the carrier of reality over centuries, then matter dissolves away becoming an ephemeral quantum activity and now information is the carrier of reality? The laws of physics were presumed to be eternal, now Smolin says they are evolving like in biology - natural selection. Why do cosmologists like Brian Greene and Leonard Susskind postulate that there are nearly infinite number of replicas of each and every one of us - doppelgangers - in an infinite number of universes when the gut feeling of each and every one of us that we are unique in this universe? For Newton, gravity was an instantaneous attraction between two masses, for Einstein it was an inherent potential even with a single mass. For Einstein, gravity acts at the speed of light. Plato says that what is observed is phenomena. Reality resides in Platonic Forms. Descartes says that knowledge is acquired through perception and deduction. No reality without the mind. Kant synthesized rationalism and empiricism. Knowledge can be derived without empirical observation. Free will touches almost everything that human beings value. But many scientists postulate that free will is an illusion....
