Filesize: 7.38 MB

Reviews

Completely essential go through book. I actually have go through and i am sure that i am going to going to read yet again yet again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Edwardo Rohan III)

MIDDLE AGE: A NATURAL HISTORY (PAPERBACK)

GRANTA BOOKS, United Kingdom, 2013. Paperback. Condition: New. Reprint. Language: English . Brand New Book. David Bainbridge is a vet with a particular interest in evolutionary zoology - and he has just turned forty. As well as the usual concerns about greying hair, failing eyesight and goldfish levels of forgetfulness, he finds himself pondering some bigger questions: have I come to the end of my productive life as a human being? And what I am now for? By looking afresh at the latest research from the fields of anthropology, neuroscience, psychology, and reproductive biology, it seems that the answers are surprisingly, reassuringly encouraging. In clear, engaging and amiable prose, Bainbridge explains the science behind the physical, mental and emotional changes men and women experience between the ages of 40 and 60, and reveals the evolutionary - and personal - benefits of middle age, which is unique to human beings and helps to explain the extraordinary success of our species. Middle Age will change the way you think about mid-life, and help turn the crisis into a cause for celebration.
